

4VL/E

- Aggregates Bins: n° 4 (3.200 x 4.300 mm)
- Production: 90 m³/h wet
- Aggregates Storage: 180 m³
- Extractor Belt: Length. 9.000 mm - capacity 260 m³/h
- Charging Belt: Length. 22.000 mm - capacity 260 m³/h - grade 28°
- Pre-charging systems for aggregates, cement, water and additives
- Automation Software
- Concrete Mixer: Twin shaft mixer - 2m³ output per cycle
- Load from the ground system: aggregates hopper of 6,5 m³
- Radial Belt: length 19.000 mm - grade 28° - capacity 180 m³/h
- Finishing: Painting

OPTIONAL:

- Cement Silos
